#### MR. RICHARDS AND THE GRAND ARMY

Disclaims Any Intention of Giving  
Offence to That  
Body.

Honolulu, March 24, 1902.  
Editor "Pacific Commercial Advertiser," Honolulu.

Dear Sir:—Permit me a further word on the matter of Mr. Lake, even at the risk of wearying your readers, in view of a communication from Mr. R. Jay Greene in this morning's issue. The note was so courteously expressed, and indicated such a sense of grievance on his part, that it seems to demand an answer. As far as his kindly reference to myself, I can only say that I can scarcely lay claim to the consideration that he has accorded me. I venture to state my belief, however, that he is under a misapprehension in reference to my allusion to the Grand Army. This misapprehension is probably due to his failure to note that my letter to the "Star" was an answer to an article of a column's length in its issue of the previous day, in which the statement was made (I have not a copy with me, and write from memory), that the Grand Army did not recognize Mr. Lake as a soldier, and refused to extend him any support or sympathy. It was at this point that I desired to express my difference with the Grand Army, and the following statement that I had "no patience," etc., had no reference to the Grand Army. As I knew that they had not, as a body, been the movers in the prosecution of the "Star" in its representation of the Grand Army's view of the matter, such a mistake was quite natural, based on the fact that the prosecutor of the case which brought Mr. Lake to the "reef" is, I am told, a G. A. R. man.

One further word, which will serve as my final public statement on the Lake question: I do not profess to know all about the gentleman, and it is quite possible that he may have gotten his affairs into very considerable confusion under pressure which I believe to have been very unusual. This, however, I vouch for, viz.: a great many of the things that have been said about him are the cumulative effect of rumor, and the natural irritation of unsatisfied creditors. I reiterate that all of these last named gentlemen have a better chance to receive the money due them with a debtor in possession of his freedom, than when he is deprived of both his liberty and his honor at one time.

Trusting that I have cleared myself of any intentional adverse judgment of the local body of the great G. A. R., and thanking you for your space, I am, Yours very respectfully,

THEODORE RICHARDS,  
By N. M. D.

#### MIKADO'S SUBJECTS WELL CARED FOR

The semi-annual meeting of the Japanese Benevolent Society was held last Saturday evening in the Japanese Primary School on Nuuanu street, the attendance being large. Reports from all the officers were read: Dr. I. Mori, president of the society, made the following address:

"I herewith submit our report of work done by the Japanese Benevolent Society in Honolulu during the semi-annual period ending February 28, 1902. We are glad to state that we have been able to care for many helpless patients in our hospital and also to help the passages back to Japan for some poor ones. During the period the Advisory Committee of twenty-five were elected, and the trustees of the hospital, five in number, were also re-elected among them. In the treasurer's report the receipts comprise those in the term of six months from September 1st, 1901 to February 28th, 1902, while many of the disbursements include those in seven months. Besides our usual work we paid the careful attention and support for Funaki and his family, with the aid and co-operation of the Japanese relief fund, the Japan Society, newspaper editors and the general philanthropic friends. In regard to the establishment of the fever ward we are laboring for the cause, following the efforts of the former officers. We present our sincere thanks for the moral and financial support we have received from this generous community, and trust that your confidence in us has not been misplaced."

The report of S. Okaba, vice president of the society, showed that 26 Japanese received aid at the hands of the society during the past six months. Of these, 17 were received at the hospital and seven were given the passages to Japan. The hospital has also admitted 88 self-supporting patients.

The report of T. Ishikawa, secretary of the society, gives the following chronology for the period:  
Oct. 5—Decided that each officer to serve as manager for a month in turn.  
Oct. 18—Amendment of constitution.  
1. Twenty-five Advisory Committee to be elected among the members.  
Nov. 12—Following gentlemen were elected as the trustees for the Charity Hospital: Hon. Miki Saito, T. Matsuo, Dr. I. Katsuki, K. Kobayashi, and W. Motoshige.  
Jan. 31—Dr. Ninomiya resigned and Dr. Ichikawa was appointed as his successor.  
Feb. 18—Chiye Iko was appointed as nurse, succeeding Chiyo Uchida, resigned.  
The membership of the society shows

ed a healthy increase. Thirty-seven life and 16 ordinary members have been added since the last report. The society at present comprises 100 life and 245 ordinary memberships.  
Treasurer Shioda's report for the past six months showed a cash balance of \$311.98 on the right side of the ledger. The total amount of the receipts aggregated \$222.28, while the disbursements were \$202.40, of which \$120.00 were paid to the hospital expenses.

#### Tearing Things All Up.

It is a predicted fact that the Dole party is on the verge of political catastrophe, that they will be forever buried in oblivion and Thurston as chief palbearer. It reminds us of Belshazzar's reign, the handwriting on the wall and interpreted by Daniel. It is a pity! The manifestations of these operations are daily seen in Thurston's organ the (santimonious) P. C. A. The Home Rule party views these tactics with propriety and stands aloof from all bickerings of their party as detrimental to the progress of Hawaii nei.—Independent Home Rule.

HERPICIDE  
Destroy the  
Cause,  
you  
Remove the  
Effect

Newbro's Herpicide kills the dandruff germ which causes falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Stop dandruff, there'll be no falling hair, no baldness.

DICKINSON, N. D., Nov. 2, '90.  
Have been using Herpicide, and have used about one-third of a 25 cent bottle, and find it does all, and even more, than you claim for it. It not only cleanses the scalp from dandruff and prevents the hair from falling out, but promotes a new growth. Have only used the quantity mentioned, and have more hair on my head than I have had for years. I also find it keeps the hair soft and glossy.
